## Annual Clergy Institute Here Told Of Religious Revolution In Nation

The fact that we are experiencing a religious, as well as a racial, revolution in this country was brought sharply into focus by the election of a Roman Catholic, John F. Kennedy, to the office of President of the United States, Albert Vorspan, guest lecturer, told representatives of three major faiths at the 12th Annual Clergy Institute held at Temple Shalom in Newton recently.

The institute, under the chairmanship of Rabbi Murray I. Rothman, of Temple

Shalom, was held to discuss the "Changing Relations Among Protestants, Catholics and Jews."

Mr. Vorspan, director of the Commission on Social Action for the Union of American Hebrew Congregations, spoke candidly about the changes taking place not only among the three major faiths, but also within each group itself.

He quoted statistics from his new book, soon to be released, "A Tale of Ten Cities," one of which is Boston, to

point up the religious revolution underway in America.

The speaker stated that, in his opinion, the most good can be done in the area of inter-religious social goals by the three major faiths crossing religious lines, recognizing and respecting basic differences, and at the same time agreeing on important issues of society.

The great task for liberal religion, Jewish and Christian, is to demonstrate that we care as deeply and will work as zealously as the Birchites

and the Communists," Vorspan stated.

Mr. Vorspan further enlarged on his theme to state that the real challenge of religion today is the dichotomy between the "religious revival" and social and moral decay. He emphasized that inter-religious social action has within its structure the power to preserve the great American heritage which is rich in difference, and to re-

## Snow and Finances Set Up Headache for Mayor

### \$124,000 Drop in State Revenue Adds to Woes

A \$124,000 reduction in the amount of revenue Newton will receive from the State along with the recent series of storms have compounded the financial and tax rate headaches confronting Mayor Donald L. Gibbs.

The cut in the funds the city will get from the Commonwealth will cause about a 50-cent increase in New-

ton's tax rate which previously had been expected to rise approximately \$3 over last year's figure.

Each additional late-winter storm, which necessitates plowing, sanding or snow-removal, boosts the anticipated 1962 tax rate a little higher.

At the last accounting Newton had expended an estimated \$315,000 so far this

year for plowing, snow-removal and sanding slippery streets.

But with more storms forecast, that figure probably will climb even higher before March has run its wintry, uncertain course.

Mayor Gibbs also pointed out that he must provide funds in the municipal budget for snow storms which may

## Mental Health Study Group Schedules March 6 Meeting

The Mental Health Study Committee of the Newton Community Council met recently under the chairmanship of Adelaide B. Ball and voted to invite several groups to a meeting Tuesday, March 6, and describe their work in the mental health field.

At its initial meeting, the Committee invited representatives of the Family Service Bureau, Visiting Nurse Asso-

ciation and Psychiatric Clinic at the Newton-Wellesley Hospital. Other groups which may be called to present their work include the School Department, Police, Council of Churches, St. Vincent de Paul Society, Newton YMCA and the Newton Community Center.

Mrs. Isidor Slotnik was elected vice-chairman of the committee, which will meet monthly for the next few months. It was established to study the existing mental health services and the possible need for other services or activity in the mental health field in Newton.

The Community Council voted to undertake this study at the request of Dr. Harry T. Phillips, who until recently was Public Health Director for the City of Newton.

Earlier this year Dr. Phillips held several meetings with staff members of the Medfield State Hospital, Family Service Bureau, Psychiatric Out-Patient Clinic at Newton-Wellesley Hospital, the school guidance service, police and others who were working directly or indirectly in the field of mental health.

During these meetings the services each one provided were discussed, as well as cases known to several of those present. Several suggestions for improvements were presented by members of each group. One of these was that a citizens' group be formed to examine the broad community organization aspects of mental health services and facilities in Newton.

Work of the John Elliot Counseling Service was described by William Clark, a committee member and counselor for this service. Dr. Phillips described the plan of the Children's Project of the Harvard University School of Public Health to help children whose parents are admitted to a mental hospital.

Committee members in addition to Miss Ball and Mrs. Slotnik are: Chester A. Borden, Robert C. Casselman, William Clark, Champe A. Fisher, Mrs. Norman B. Krim, Mrs. Ernest W. Kuebler, Victor M. Kumin, Mrs. Richard G. Mintz, Dr. Harry T. Phillips and Rev. Helen Terkelson.

Basbas said the city census shows that number of voters no longer living at addresses shown on the city voting list.

He said his office had sent notices to the persons involved, advising them to fill out an enclosed form and return it immediately to his office.

The census, said Basbas, has added 3,343 names to the annual listing book. He advised new residents to register promptly as voters.

The new head count shows 1,634 new male residents, 1,709 females.

(Continued from Page 1)

but rather what the Council will do after Volpe rules that the evidence submitted warrants Sullivan's ouster.

While the Council members say they want to study the transcript of the testimony given during the hearings held by Volpe and also probe into other aspects of the situation, several of them make it clear that they consider some of the most damaging testimony against Sullivan came from Sullivan himself.

Several questions may hold the key to the decision the Executive Council eventually will make on whether to fire Sullivan or clear him.

Even if the TV film, "Biography of a Bookie Joint," was a fake and a fraud as Sullivan maintains, was Sullivan guilty of neglect of duty in not exposing it as the hoax he claims it to be?

Should Sullivan in the proper performance of his duties have made an investigation based on the film purporting to show uniformed police officers going in and out of a bookie establishment?

(Attorney James St. Clair, who presented the case against Sullivan, placed great stress on the fact that the police commissioner did nothing to discredit the TV film until after the charges were brought against him).

A very important issue to be settled is whether or not the "bookie" movie was a fake.

Governor Volpe originally called for Sullivan's resignation after seeing the film. The other charges against Sullivan were added at a later date.

If it is established that the film was a fraud in some respects, Sullivan's petition will be strengthened and Volpe's will be weakened.

Sullivan would be open to criticism for not exposing a fake movie which reflects so unfavorably on the department he heads, but there is some doubt that this would be grounds for his removal.

If Sullivan is proved wrong and it is found the movie is not a fake, Sullivan would be on thin ice for not making a thorough investigation of what it portrayed.

If the TV film was a fraud and Sullivan is cleared on that point, the Council members must decide whether the other charges against the police commissioner warrant his removal from office.

Whether Sullivan violated the law prohibiting a police commissioner from engaging in any other business by having an insurance broker's license is a technical question. No evidence was offered to show that he actually engaged in any business or that he did any more than hold the license, as he claimed.

How seriously the Council members will regard that particular point is something to be determined. A person is not supposed to obtain an insurance broker's license unless he intends to use it. However, the mere fact that Sullivan held a broker's license would be thin grounds for firing him.

The charge of contract-splitting for electrical and floor repair work at police headquarters has complicated ramifications, although it has serious implications.

To a great many persons, who don't entirely understand all the legal complications involved, the case against Sullivan will hinge on whether or not the TV "bookie" film was a fraud.

That is something which it should be possible to prove one way or the other. Whatever is found to be the case could have an important effect on the decision by the Executive Council.

If Sullivan eventually is removed by the Executive Council, don't be surprised if the Democratic-controlled Legislature immediately rushes through a bill transferring the power of appointing the police commissioner from the Governor to the Mayor of Boston.

At the moment the two pros-

### OUR READERS SAY

Lowes Gives Thanks For Aid In Fire

Editor, The Graphic:

I wish you would publish this letter because in no other way that I know of can the Lowe family acknowledge publicly its appreciation of the Newton Fire Department, its insurance agent and its friends and neighbors.

Until you have had a flash fire as we did on Monday evening, February 19, you can not possibly appreciate the speed, efficiency, personal interest and care which the Newton Fire Department displayed. Some 40 firemen (including numerous superiors), neighbors and friends, the Newton police and others were on the scene and all showed the greatest efficiency and help. Not one item, except those properly damaged under the circumstances, was affected—which in itself speaks volumes for the caliber of our firemen and their officers.

The police and our neighbors and friends were also helpful beyond any possible expectation. We would be remiss too if we did not mention the help and assistance of our Newton friend and insurance agent, Tom Keleher,

not only brought out the insurance adjustor the next day but has helped in innumerable ways since.

We count ourselves most fortunate that none of our children, employees and friends were injured. We count ourselves lucky to have such efficient public servants as well as such honorable ones. We feel honored to have such neighbors and friends, thoughtful, gracious, generous.

We always said it couldn't happen here, but it did. We trust it will never happen again to us and ours or to you and yours.

SAMUEL L. LOWE, JR., 36 Birch Hill Rd., Newtonville

### Dr. Barrs Has Radio Program On Hub Station

### Newtonites Aid Boston Briscoe Dinner Plans

Many Democratic leaders have been hoping that a clash between the two might be avoided, but that now appears unlikely.

Democratic chieftains are still awaiting word from former Boston Mayor John B. Hynes on whether he will stand for the Governorship. Senator John E. Powers, who ran against Hynes in 1955, is among those beating the drums for the man who nosed him out after a close race for the right to serve as chief executive of the State's capital city.

If Hynes doesn't run, the Democratic nominees for Governor will be chosen from among Lieutenant Governor Edward F. McLaughlin, Jr., Registrar of Motor Vehicles Clement A. Riley, and former Executive Councillor Endicott Peabody, all of whom have been lining up delegate support.

A free-for-all battle for the Democratic nomination for Attorney General looms as a certainty.

Former Secretary of State Joseph D. Ward, Democratic nominee for Governor in 1960, has notified delegates that he will shortly announce his candidacy for Attorney General.

Republicans also are preparing to choose sides in a fight between former U. S. Attorney Elliot L. Richardson and Boston Finance Commission Chairman Edward W. Brooke for their party's nomination for Attorney General.

Brooke's supporters have sent out a letter declaring that Brooke is in the fight to stay and will not shift his aim to any other office. Political observers have suspected that he might reverse his plans because the support Richardson appears to be building among the party bigwigs.

"There goes the last one. Now will you start raking?"

### Good Samaritan Hurt Assisting Woman Driver

A woman motorist whose car ran out of gas and stalled on the Worcester Turnpike in Newton Highlands last Friday and Weston man who went to her assistance were injured when the disabled car was struck by a second.

Taken to Newton-Wellesley Hospital after the accident were Marion L. Hilton of 48 Emmons street, Miford, with injuries of the left arm, hand and shoulder, and Walter I. Henneberry, Jr., of 95 Robin road, Weston, with injuries of the left shoulder hand and wrist.

Police said Henneberry had fetched a can of gas for the Hilton car and had just emptied it into the tank when the car was struck by a vehicle operated by Elson M. Blunt, Jr., of 48 Livermore road, Wellesley.

### Will Present Bach Magnificat

The board of directors of the Newton Community Chorus announced today that plans for the 1962-63 season include several short service programs at Newton institutions as well as the performance of one or two major works. It is expected that Bach's "Magnificat" will be one of the major works prepared.

Mrs. Ingeborg Jarratt, director of the chorus, announced that rehearsals will continue to be held on Tuesday evenings at the Newton Junior College in Newtonville from 8 to 10 o'clock. Mrs. Jarratt also stated that new members are welcome and that there is a need for tenors and basses.

Further information about the chorus may be obtained by calling Mrs. Arthur Ehrenberg, president of the chorus board, at LA 7-2351.

### Mayor Gibbs Proclaims ORT-DAY

In a proclamation issued this week, Mayor Donald L. Gibbs designated March 14 as ORT-DAY in Newton, in recognition of the work done by the Organization for Rehabilitation through Training.

The proclamation noted that ORT supports 600 installations in 20 countries where thousands of students, young and old, "learn modern skills so that they can free themselves from dependence on charity and gain security, dignity and independence."

It quoted United Ambassador Adlai E. Stevenson as describing ORT as a "liberating force for countless thousands, and an example and inspiration to the world."

ORT, the vocational training agency of the Jewish people, has devoted itself for 82 years to the building and rebuilding of human lives, according to the proclamation.

Lawrence B. Damon, Jr., of Chestnut Hill will be a member of the crew of the Sailing Club of Babson Institute when it participates April 1 and 2 in competition of the McMillian Cup at Annapolis.

DAVID JODREY

DONNA LAWSON

Musical Compositions Of  
Local Students Selected  
By Boston Youth Concert

Original musical compositions  
by two Newton young  
people, Donna Lawson and  
David Jodrey, will be featured  
at the final Boston Symphony  
Youth Concerts to be held  
on Saturday, March 3, and 10,  
at 11 A.M. in Symphony Hall, Boston.

"Zwei Tanzer" by Donna  
Lawson, Newton High School  
graduate in 1961 and presently  
a freshman at New England  
Conservatory of Music, and  
"Chorale and Theme with  
Variations" by David Jodrey,  
Class of 1963 at Newton High  
School, were the compositions  
selected for the concerts.

Conductor Harry Dickson,  
and Walter Piston, dean of  
American composers and a  
professor of music at Harvard  
University for more than thirty  
years, announced the selections.

Both of these pieces were  
performed last June at the annual  
Music Club concert of  
more than a dozen original  
compositions, created, orches-  
trated, and arranged for sym-  
phony orchestra, chamber  
groups, and jazz by students  
of the Theory of Music Class-  
es instructed by Henry Lasker.  
At that time, Miss Lawson  
was a member of the Theory  
of Music II Class, while Mr.  
Jodrey was a member of the  
Theory of Music I Class. This  
year he is continuing his  
creative writing with his  
colleagues in Theory II. Mr.  
Lasker believes that everyone  
is endowed with imagination,  
and can learn to compose music  
with proper guidance and  
encouragement.

At a recent assembly fea-  
turing original pieces, James  
Remley, director of music of  
the Newton Public Schools, in  
speaking about the opportuni-  
ties offered in the Music Appre-  
ciation, Theory, and Hu-  
manities classes, as well as  
the Choral and Instrumental  
groups, quoted the opinions of  
music critics who had ac-  
claimed highly the creative  
efforts of Newton High Music  
students in previous concerts.

He said that the Harvard  
University school of education  
would launch next summer a  
new program of teacher training  
in conjunction with the city of Newton.

The program will seek to at-  
tract women, or men, prefer-  
ably residents of Newton, able  
to meet "strenuous admission  
requirements."

The candidates must be will-  
ing to spend 18 to 30 months  
studying for a master's de-  
gree, on a part-time basis, at  
Harvard.

Newton would provide a  
"training school" for the can-  
didates, offering them a half-  
year internship.

If the candidates measure  
up to the Newton require-  
ments, they will be offered  
positions in the school system.

Dr. Brown told the school  
committee that the new pro-  
gram would go far to solve  
the problems created by the  
high resignation rate among  
young women just out of col-  
lege.

He said that all too often  
such young teachers leave the  
system at the end of three  
years, thus creating a lack of  
continuity in the system.

Harvard, said Dr. Brown,  
has made an exception to its  
policy of accepting only full-  
time candidates for master's  
degree in an effort to make  
the Newton program success-  
ful.

A coffee hour at 12:45 p.m.  
will precede a short business  
meeting conducted by Mrs.  
Sydney Gold, Sisterhood  
President. The meeting will be  
opened by prayer led by Mrs.

Parker will be Hostess of the  
Day, and Mrs. William Glov-

minimum needs to United Community Services. This agency distributes United

Fund money to all Red Feather agencies in Greater Boston. United Community Services was only able to allocate \$247,200 to the Newton Chest for its twelve member agencies. This amount plus \$13,600 from the steadily diminishing reserve funds of the Newton Chest was then divided up among the agencies. This division is based on the combined judgment of the budget committee—no set formula or percentage is used.

Each agency presents different financial problems and each is dependent on United Fund money to a different extent. For one agency, United Fund money amounts to less than 2% of its annual income—for another, it provides 99%.

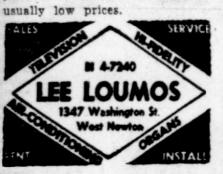

Individual agency grants for 1962 are as follows: All Newton Music School, Roland B. Macdonald, president, \$2,500; Newton Boys' Club, Norman E. MacNeil, president, \$14,500; Norumbega Boy Scout Council, Joseph M. Bradley, president, \$24,000; Newton Community Center, John W. McLeod, president, \$19,500; Family Service Bureau, Mrs. Felix W. Knauth, president, \$36,800; Newton Girl Scout Council, Mrs. David Chase, president, \$21,000; Newton-Wellesley Hospital, Mark C. Walker, president, \$39,500; Rebecca Pomroy House, Mrs. E. Graham Bates, president, \$10,600; St. Vincent de Paul, Fernand A. Boudreau, president, \$10,500; Newton Visiting Nurse Association, Dr. Leslie H. MacMillan, president, \$25,500; Newton Y.M.C.A., Eldred M. Peterson, president, \$41,700; Newton Community Chest and Council, Donald E. Bowen, M.D., president, \$14,700.

The problem of how agencies will be able to extend their programs to meet the increasing demands for service with practically no additional funds is one which the Newton Chest board and the boards of each agency must study.

Members of the Newton Chest budget committee are as follows: George M. Shanahan, chairman; John J. White, Elmer J. Gorn, Mrs. Irma K. Thresher, P. Edward Davidson, Norman E. MacNeil, George J. Hicks, Gustav R. Breitke, Mrs. Nathan D. Bugbee, William E. Marchant, Joseph C. Skinner, Victor M. Kumin and Carl E. Peterson.

News and Notes Of Busy  
Newton Girl Scout Life

One hundred Girl Scouts from Newton and neighboring communities gathered at the Newtonville Methodist Church on Tuesday, February 20th, for the annual Camp Wabasso reunion. These girls attended the Newton Girl Scout Camp in Bradford, N.H.

Mrs. John Morgenstern was in charge of the program, which included supper, the Girl Scout movie "Campsite Anytime," and a song fest. The girls had an opportunity to meet Mrs. Richard Cairns, the new director of Camp Wabasso.

great deal of scouting experience, both as a scout in Newton and as an adult leader. She presented the girls with some highlights of the coming summer program at Camp Wabasso. Mrs. Constance L. Newall is the chairman of the Wabasso Camping Committee.

Troop 6 is grateful to Marlene Sherman, their program aide, for the splendid job she is doing. Marlene, a high school student, attends every Brownie meeting, organizes games, leads the girls in flag ceremonies, and as a seasoned Girl Scout, provides moral support for her Beginners Leader.

Troop 48 First Registered  
in 1962

Troop 48 was the first registered Brownie troop in 1962—"The Golden Anniversary Year." Their investiture was held on January 30. It was opened with a flag ceremony by Linda Sexton, Patricia Marcus, Aing Kurzemekis, and Jane Malcolm. Announcers for the program were Virginia Foster and Cheryl Arcese.

The highlight was a pantomime in verse by Marion Feinstein entitled "How the Brownies Got Their Name." The cast included Ann Egelson, Martha McCourt, Victoria Terranova, Irene Renke, Justine Hill, with Mrs. Harry G. Hill, troop leader, as narrator. The girls received their Brownie Pins and were invested as they sat around an artificial lake and campfire.

Mrs. Hill was assisted by Mrs. Robert Clinton, troop consultant. Two songs—"When E'er You Make A Promise" and "Invocation to Girl Scouts"—were sung under the direction of Mrs. W. Fraser Malcolm. Mrs. Robert Clinton then invested these mothers as Girl Scouts: Mrs. Harry G. Hill, Mrs. W. Fraser Malcolm, Mrs. Louis Egelson and Mrs. Robert McCourt. The program ended with a Choral Reading, "Youth Builds" by Mary Davies featuring Andrea Peters and Martha Springer as solo voices.

Congratulations were offered to the girls and mothers by Mrs. Stanley Blitzer, chairman of Neighborhood IV. The meeting was closed with a Friendship Circle followed by refreshments including an advance showing of the 1962 Girl Scout cookies which were served by the girls assisted by Mrs. William Renke and Mrs. Hugo Areces.

In February the troop visited the Pillar House to see the big kitchen and freezers, to observe how people work together, to get help in planning menus to become acquainted with the community's historic background and community workers. Mr. Larsen guided the troop on the tour.

from the windows of the Flynn apartment. He ran immediately to arouse Flynn.

Cormier also alerted Mr. and Mrs. Guido DiRienzo, owners of the house and occupants of 13 Beech St. Their apartment suffered smoke damage during the fire.

Mr. Flynn, his wife, Jean, 31, and their children, Dana, 13, Barbara, 12, William, 10, Kevin, 8, and Allen, 4, took shelter with a relative Joseph Morrell of 306 California St., Newton.

A fire fighter, Francis Carver of 49 Uphams St., Newton Centre, suffered a cut on the right hand and was treated at Newton-Wellesley Hospital.

Chief Perkins said the fire started in daybed in the living room of the Flynn apartment and spread to the kitchen and then to the upper floor.

Responding to the alarm

were Engines 1, 2, 4 and 8 and Ladders 2 and 8. The alarm was sounded at 4:33 p.m., the last company returning to quarters at 8:18 p.m.

The fire was the second of a serious nature in a week, an earlier blaze driving eight persons into the snow from the home of Mr. and Mrs. Samuel Lowe, Jr., at 36 Birch Hill Rd.

Lowe said the fire apparently started in a baseboard electrical fixture and spread to draperies in the first floor of the three-story stucco dwelling.

As smoke filled the house, Lowe said his wife, Mary, directed their children, Candy, 7, Jonathan, 6, and Stephen, 3; a friend, Thomas Merrill; their housekeeper, Mrs. Hazel Horner, and a guest, Becky Kano, 7, of Newton to safety.

**MORE  
WITHHOLDING  
COMING?**

DO YOU WANT the Federal Government to withhold 16 2/3 per cent of your interest and dividend income? This proposal would require you to file certificates of exemption or claims for refunds each year if the amount withheld were not justified.

THE U. S. TREASURY WANTS LEGISLATION to do exactly that. Only pressures of other legislation prevented Congress from voting on this issue last session. It is sure to get early attention by Congress in 1962.

WHAT CAN YOU DO to avoid compulsory withholding? For one thing ...

REPORT FULLY AND ACCURATELY all interest and dividend income received or credited to your account. This applies to income from stocks and bonds of corporations, including mutual funds ... savings accounts in commercial, savings and cooperative banks ... share accounts in savings and loan associations and credit unions ... postal savings ... and United States savings bonds.

MORE TAXPAYER RETURNS WILL BE CHECKED as improved enforcement machinery is put into use.

FULL REPORTING of dividend and interest income will lead Congress to feel less need to enact compulsory withholding.

HELP UNCLE SAM collect all his income by reporting all of yours!

Newton had a chance of drawing a first round bye, but this faded when Arlington qualified. Newton finished its season with 12 wins, one loss and one tie. The record of Marian High, runnerup in the Central Massachusetts League, is 7-2-1 on the season.

There were 27 teams in the single elimination tourney and five teams which went through the season undefeated. These were Melrose (13-0), Gloucester (12-0), Brighton (11-0) and East Longmeadow (11-0).

Teams which were awarded byes were East Longmeadow, Gloucester, Brighton, Catholic Memorial and Melrose.

Newton went into the game against Marian with hopes buoyed a lot because goalie Don Mason was back in the nets. For a while it had been feared that the muscle pull he suffered a fortnight ago might keep him out of the state tourney. But he was back in the nets last Saturday afternoon as his mates scored a decisive 4 to 0 victory over Cambridge Latin.

The victory over the second place GBI team at Boston Arena marked the final round of Greater Boston League competition.

It also marked Mason's sixth shutout of the season during which he allowed nine goals; one was into an open net. The Orange goalie suffered no ill effects during the contest, and only at one point in the second period did he feel any pain in the heavily taped leg.

Newton jumped to a two-

wing Don Neilson and drove a 35-foot screen shot by Marian goalie Paul Fulton at 9:22.

Then center Mike Ryan put the Garden City team two goals ahead at 7:52 when his forehead drive from 15 feet out lit the lamp. Marian was shorthanded at the time with a player in the penalty box.

The GBI scoring champion, sophomore Bill Cotter, scored the final Newton goal at 5:48 of the third when he slapped in his own rebound. Cotter also was credited with an assist during the game.

Marian's goal was registered at 8:25 of the third when defenseman Jim Gately lofted a feed pass from Dick Suples into the short side.

The Framingham sextette was the underdog in the action, as the Framingham parochial school—with a male enrollment of less than 400—is a comparative newcomer to hockey competition. It was Newton's first GBI title in 22 years.

For the second year, St. Paul's Episcopal Church will join the Highlands Congregational Church in the Lenten program.

It was announced this week that the time of the services has been moved ahead in order to encourage children, young people and families to attend.

The speakers will plan a series of biographical talks or "story sermons" on the great Christian leaders of the Universal Church, especially with youth in mind.

Rev. John Arthur Samuelson will be the speaker at the first service when he will talk on the life and teachings of St. Francis of Assisi.

The remaining Lenten evening services will be as follows:

## Eight Injured In Auto And Ice Accidents

Half a dozen persons were injured recently in Newton as a result of skidding accidents and two persons were hurt on falls on ice, according to reports to police.

The latter were Mrs. Nancy Adamantach, 67, of 1761 Commonwealth Ave., Brighton, who fell in Chestnut Hill, and Paul A. Fredette, 20, of 31 South Gate Park, West Newton, in a fall at Newton High. They were treated at Newton-Wellesley Hospital as were several Newton residents, including:

Mrs. Aubrey McBreen, 152 River St., West Newton, back injury in a two-car crash in Newton Centre; Wilbur Dillon of 58 Playstead Rd., Newton, back injury in a two-car crash on Centre St., Newton; Frank N. Allen of 49 Barnstable Rd., West Newton, back injury in a rear end collision in West Newton;

Also, Sara Rich, 44, of 43 Westchester Rd., Newton, and Arthur Lemelman, 31, of 46 Westchester Rd., passengers in a car involved in a three-car skidding accident on Grant Ave., Newton Centre. They suffered knee and leg injuries.

project itself. This approach could have the advantage of helping the server, as well as the person served."

The project stems, in part, from another study begun last July when the Medical Foundation, Inc., of Boston awarded a \$7500 grant to Dr. Harry T. Phillips, then health officer of the Newton Health Department, to assess the health needs and service potential of Newton's older citizens. Dr. Lambert was also named to direct that study, which continues until June.

At the outset of the Medical Foundation project, members of the Retired Men's Club of Newton volunteered to conduct interviews and took positions on the research staff's advisory committee. Some 300 persons, all over 65 years of age and living in their own homes, were questioned about their capacities and willingness to perform tasks to help the aged.

Information obtained in those interviews is still being analyzed and will be used in the Public Health Service study, with which Mrs. Mildred Guberman and Dr. Howard E. Freeman, both of the Heller School, and Dr. Edward Sawyer, acting health officer of the Newton Health Department, also are associated.

"We are going to look at the community in terms of how it can organize to help older people," Dr. Lambert, a native of Lowell, Mass., says. "We will look at the links between older people and community services and study the potential for utilizing the manpower among retired persons."

"What we are interested in," sums up the project director, "are the factors that contribute to increasing an older person's mobility. Mobility means the use of abilities, and that, after all, is the best guarantee of an active, happy life—at any age."

## World Day of Prayer Here Starts at 2 p.m. Tomorrow

The United Church Women of Newton will observe the World Day of Prayer tomorrow (Friday) in the Second Church, West Newton, starting at 2 p.m.

"For God So Loved the World" is the theme of the 1962 observance. The speaker for the afternoon will be Rev. Dr. David M. Stowe, general secretary for interpretation of the United Church Board for World Ministries.

The service this year comes from Christian women in Uruguay where it was written by Miss Violeta Cavallero and Mrs. Eudoxia de Svetogorski, both of Montevideo. The service written by these women will be translated into more than 60 languages and 1,000 dialects.

Mrs. Arthur Barnes is chairman for the World Day of Prayer Committee. She is assisted this year by Mrs. Charles Renker and Mrs. Robert Fraser, co-chairmen.

Dr. Daniel Bliss, minister in charge of the Second Church while Rev. Ross Cannon is on sabbatical leave, will help with the service. The soloist will be Miss Ruth Perkins, and the organist will be Ivar Sjostrom. The ushers will be under the direction of Mrs. Archie Whitman.

Local women participating in the service will be Mrs. John Fox, past president, Miss Marion Fuller, Mrs. Elmo Young, Mrs. C. L. Southmayd, President of the United Church Women of Newton, Mrs. Jerome Mead, Mrs. Walter Tower, Mrs. Russell Angel, and Rev. Mrs. Terkelson.

The Day begins at dawn on Tonga Islands in the Pacific where Queen Salote leads her subjects in prayer. This serv-

A blast of dynamite which sent a stone ledge in Weston into a shower of green smoke and rock on Monday signaled the start of the toll road extension into downtown Boston. The color was due to green lime placed in ledge crevices by workmen.

Chairman William F. Callahan of the Massachusetts Turnpike Authority set off the charge of dynamite which dramatized start of the job instead of the usual shovel of earth turned over.

Work on the 12-mile link was begun after he received a check for \$177,000,000 which represented net proceeds of the \$180 million sale of toll road bonds. The three million dollar difference consisted of underwriting discounts and commissions.

Chairman Callahan predicted that when the toll road extension from the Weston terminal of the Mass. Turnpike to South Station in Boston is finished "you'll be able to go from here to South Station in 15 minutes."

And contractor Lou Perini commented: "I want to finish the road in two and a half years if humanly possible." The time generally allotted for the job has been three years.

The extension will require interchanges at West Newton and Newton Corner.

## To Charge Full Costs of Water Main Extensions

The Newton Board of Aldermen voted Monday night to amend city ordinances so that new water main extensions in the future will have to be paid for by applicants in full.

Newton formerly required a deposit of 15 per cent of the cost of new water mains, but credited the applicants' water bill for the first five years.

Most communities in Massachusetts collect the full cost, according to Chairman Harry H. Ham of the Aldermanic Claims and Rules Committee.

## Newton Y Hoop Team Annexes E. Mass. Title

The Newton YMCA Junior Varsity basketball team won the Eastern Massachusetts District championship last week with a 58 to 54 victory over the Worcester YMCA at Worcester.

Right guard Mike Suvalle had 10 field goals and four fouls to pace Newton with 24 points.

## - Political Highlights -

(Continued from Page 1)

President Kennedy will be absorbed in his own staggering problems while his brother is engaged in the preliminary stages of his fight for a seat in the U. S. Senate.

Speaker McCormack, in addition to his enormous responsibility of running the national House of Representatives, faces his own campaign for reelection, quite possibly one which will have to be waged throughout the entire State.

Yet, the power of the two men and their ties in the Democratic party in Massachusetts obviously will be reflected to some degree by the McCormack-Kennedy battle for the right to run next November as the Democratic nominee for the Senate.

What kind of fight it will be, where and when it will be waged, whether it will be settled at the Democratic State Convention in June or in the Democratic primary next September are all questions that are still unanswered.

It is possible that one of the two men might lose at the June convention and then revise his plans and run for the Governorship instead. But it is highly improbable.

McCormack has committed himself to seeking the endorsement of the Democratic State Convention. He and his lieutenants already have made considerable headway in lining up prospective delegates to the conclave.

Persons close to Ted Kennedy indicate privately that he will battle McCormack at the June convention only if he has the votes sewed up so that he is certain of gaining the endorsement. Otherwise, they say, he will bypass the conclave and head directly for the primary.

For publication they declare that Ted feels that the fact that his brother is President might be construed as putting the delegates on the spot.

Plausible an explanation as that may be, there is little doubt that Ted will go before the convention if he is certain he can win.

Ted Kennedy would have very substantial backing at the conclave if he enters it.

A number of members of both the State Senate and the House of Representatives are working energetically in his behalf, and since his return from Europe, Ted has met with a large number of legislators.

However, Ted Kennedy has not had the close contact with the law-makers that McCormack has had in the performance of his duties as Attorney General during the past three and a half years.

Both McCormack and Ted Kennedy will have some factors working in their favor as they move into the fight which promises to attract more attention and arouse more interest than any waged within the Democratic party in this State in modern history.

McCormack can point to the fact that he has served a political apprenticeship, that he twice had been elected Attorney General, that he has held the office since September, 1958, and that before that he was a member of the Boston City Council for nearly five years, was president of the body in 1957 and was Acting Mayor of Boston for varying periods.

Ted Kennedy, on the other hand, has never held elective office and is barely old enough to run for the U. S. Senate.

But he is the brother of the President of the United States. The big question in his case is how much of his brother's great popularity will rub off on him.

He has the Kennedy name, the Kennedy appearance, the Kennedy magnetism. What will they produce in terms of votes at the ballot boxes?

Will McCormack and Kennedy ignore each other and concentrate on their own candidacies in order to avoid opening any rifts which might carry over into the November elec-

Dedham, Mass.

Dear Sirs:

With the end of the 1962 Heart Fund drive, I should like to thank you and the editors of TRANSCRIPT PUBLICATIONS for your generous support in publicizing the campaign in your areas.

We are pleased to report that according to our count of campaign clippings, the TRANSCRIPT PUBLICATIONS were among the most cooperative of all newspapers in Greater Boston.

The influence of good newspaper coverage is as immeasurable as it is invaluable; however, I am sure the volume of Heart Fund material in TRANSCRIPT papers was a significant factor in the success of the 1962 battle against heart disease.

The officers and members of the Massachusetts Heart Association's Greater Boston Chapter join me in thanking you and the TRANSCRIPT editors for your fine cooperation.

Sincerely yours,

### Jackson Home Is Starting Living History Classes

History becomes a living, exciting experience for children attending the series of history classes conducted at the Jackson Homestead in Newton.

Life of the early 1800s, as it might have been lived by families of that period, is taught by cooking soup in an iron kettle over the open fire in the old kitchen, dipping candles, weaving on an antique loom, seeing lovely costumes of a bygone era and hearing stories of the days when the Jackson family lived in the fine old homestead.

Jackson Homestead is Newton's own museum for the preservation and exhibition of fine furnishings, art objects, old letters, deeds and pictures relating to the city's history and culture.

The spring history classes for third and fourth graders begin this week. Some of the "props" for the cooking lesson include an old fashioned three legged spider for baking rolls, an old iron apple peeler, butter churns and a wooden egg beater which is rotated in the palms of the hands — utensils which are a marked contrast to modern kitchen appliances and mixes.

Jackson Homestead has won national recognition for this program of teaching "living" history — a National Award of Merit was received from the American Association for State and Local History and is displayed on the wall of the reception hall.

These are factors Democratic politicians are pondering as they await the McCormack-Kennedy battle in which many of them eventually will take sides.

### Good Samaritan Medics Get Partial Protection

Many doctors have removed the identifying medical plate from their automobiles. If they observe accidents while driving along the highways, they're disposed to mind their own business and keep going.

Under many circumstances they're reluctant to accept emergency calls for treatment of persons who are not their patients.

Persons close to Ted Kennedy indicate privately that he will battle McCormack at the June convention only if he has the votes sewed up so that he is certain of gaining the endorsement. Otherwise, they say, he will bypass the conclave and head directly for the primary.

For publication they declare that Ted feels that the fact that his brother is President might be construed as putting the delegates on the spot.

## State Hockey

(Continued from Page 1)

**4-3**: Walpole trounced West Springfield 7-0 and Melrose defeated Catholic Memorial 5 to 1.

Newton started with first period goals by Cotter and Terry McLaughlin, but Williams came back in the second to knot the count at 2. Jack Garrity Jr., bounced one off goalie Don Mason's stick and Norm Squires scored on a 12-footer. But Newton caught Williams with a man shy and Cotter collaborated with Scammon from 10 feet out at 7:53 to go out in front at 3-2.

Then the GBI champs put the game beyond reach by scoring twice in the first three minutes of the third period. At 2:30 Cotter fired a drive into the far corner from close-up. And 26 seconds later Scammon swung the defense and lit the lamp with a 15 footer, also into the far corner.

If Newton succeeds in bottling up Belmont's Gardner brothers, Bob and Jack, they should have an easy time to gain the finals. Younger brother Bob, a sophomore, pulled the hat trick with three goals over favored Gloucester, while brother Jack, a senior, added the fourth score.

Then Newton moved out of reach in the second period with three goals, two by Center Mike Ryan, the first at 1:32 and the second at 9:45 and one by wing Terry McLaughlin at 9:21.

Newton goalie Don Mason had 19 saves during the contest but Latin filed averted a shutdown on goals by Mark Flynn at 4:02 and Bob Walsh (9:16) of the third period, but it was too late.

ed her abilities in education both as a Sunday School teacher and Sunday School superintendent for many years.

Several hundred friends, teachers, school officials, and former pupils attended the event, with some coming from points as far distant as New Hampshire for the reception.

Speakers at the reception included Supt. of Schools Charles Brown and Principal Allan Acomb of the Underwood School. Supt. Brown commented that it is often difficult for a teacher to assess the effectiveness of her efforts with her pupils, but that the high esteem in which Miss Corson was held by her associates, parents, and former pupils was ample proof of her abilities and contribution as a teacher.

(Continued from Page 1)

Residents who apply in writing may obtain an additional 60 days in which to remain in their homes while they seek new living accommodations.

Proprietors of business establishments, however, do not have that same 60-day privilege.

Householders May Stay After July 1

This means that householders will not be obliged to move until some time after next July 1 but that business

concerns may be forced to close down in May or June.

Gibbs explained that while the Turnpike Authority has not definitely and finally determined precisely what land takings will be made in Newton, it is known in a general way what properties will be seized and demolished.

Some residents already have begun to go out and find new homes, and some business establishments have started to move to new premises, Gibbs disclosed.

Gibbs said that the answers to questionnaires sent to the heads of business concerns by the Mayor's office, in conjunction with the Chamber of Commerce, revealed that a substantial percentage of them desire assistance in relocating.

The questionnaires sought to ascertain whether the proprietors of business establishments wanted relocation help and, if so, what type of assistance they desired, what kind of new quarters they need and what rents they can pay.

Mayor's Staff Now Checking Information

Mayor Gibbs asserted that members of his staff are now in the process of evaluating the information obtained from the answers to the questionnaires.

A similar questionnaire will be sent by the Mayor's office and the Community Council to householders who will be forced to find new homes.

City Planner Charles E. Downe prepared the questions which residential occupants will be invited to answer.

They will be asked

whether they would like to remain in Newton and, if so, the section of the city to which they would prefer to move.

If they desire to leave Newton, they will be requested to indicate the city or town to which they want to go if they wish help in relocating.

For the guidance of those who will render the relocation assistance the householders will be questioned on whether they wish to buy or rent a new home and, if they intend to rent, how much they want to pay.

They also will be asked to list any special problems, including physical handicaps and the need to be near a public transportation line.

When the questionnaires are returned to the Mayor's office, the data they contain

A former basketball star at Our Lady's High School in Newton has become one of the sophomores credited with a large share of success which has come this season to Stonehill College at North Easton.

He is Pat Hart, a 6 foot 4 center who has been a regularly active reserve center for Coach Fran O'Brien. He has been particularly active on defense. There were only two upperclassmen when the season began and Stonehill despite the "green" squad compiled a 14-7 record.

"Pat has shown considerable improvement since he first joined us," O'Brien said. "We feel sure he will be an asset to us in the next two seasons.

will be tabulated by the Community Council.

Answers to the questionnaires will be kept confidential.

Mayor Gibbs stressed that he intends to do everything within his power to soften the impact of the relocation problem upon those who will be uprooted by the Toll Road project.

The Mayor said he is not yet in a position to know exactly to what extent it will be possible to comply with the wishes of householders and proprietors of business establishments in helping with their relocation.

### Lee Loumos Says:

It is said that everyone loves  
a fat man and we know that  
everyone loves a bargain. But like  
some fat men some bargains are  
not all they appear to be. This is  
not the case, however, with Mag-  
navox Television and Stereo Hi-Fi.  
Week in and week out, all through  
the year, a Magnavox instrument  
is a bargain in the true sense of  
the word as defined by Webster—  
"an advantageous purchase." And  
now during our annual Magnavox  
factory authorized sale, many items  
have become super bargains.

If you are seriously considering  
the purchase of a new TV or  
Stereo Hi-Fi, why not come in  
now and let us demonstrate the  
"Magnificent Magnavox" to you  
during this once a year oppor-  
tunity? If you find it difficult to  
go out during this atrocious spell  
of weather, just phone RI 4-7240  
for detailed information. We shall  
be happy to deliver a set of your  
choice to you on approval. For  
expert advice or service, we are as  
close to you as your telephone.

PLAN NEWTON BLOOD DONOR DAY—Mrs. Katherine Bruce, chairman of the Newton Red Cross Blood Program, discusses plans for Blood Donation Clinic at City Hall on next Wednesday, March 21st, with Mayor Donald L. Gibbs at right. Also at conference, left to right, Robert Tennant, vice chairman, Newton Red Cross Chapter; Howard E. Branch, public relations director for blood program; and J. Philip Berquist, municipal blood program chairman.

### Citizens, Students Will Support City-Wide Newton Blood Donor Day

Plans were completed this week for a city-wide blood donation program clinic to be held next Wednesday, March 21, in the basement of the blood bank equipment and

servicing personnel furnished by the Newton Red Cross chapter.

Employees from all the Newton municipal departments as well as interested citizens from this city will take part in the blood donor program.

This special blood donation day is sponsored by Mayor Donald L. Gibbs and Dr. Harry T. Phillips, public health commissioner for New-

### High Rise Apartment OK Slated

A petition for a zoning change which would permit the erection of a \$15 million high-rise apartment development in the Chestnut Hill area apparently is slated for approval by the Board of Aldermen in the fairly near future.

Details in connection with the site plan for the two apartment structures are now being worked out by the Aldermanic Claims and Rules Committee in collaboration with Planner Charles E. Downe before the matter is reported to the full Board.

Plans call for the construction of two buildings, one 14 stories in height and the other 12 stories, by the Chestnut Hill Towers, Inc. Both would contain luxury apartments.

The two structures would be built along route 9, with entrance to them on Hamond Pond parkway.

No opposition to the project was offered at a hearing held by the Planning —APARTMENTS—

### Spring Is Nearer Than You Think

There was still a lot of snow and ice in Newton when the police blotter recorded the theft of colored flowers and butterflies.

Steven Halberstadt of 261 Upland Ave., Newtonville, reported the \$300 collection stolen from his new apartment at 4 Walnut Terrace, Newtonville. He plans to move there after his wedding next week.

Also stolen he said were some books and \$70 worth of cutlery.

### Many Politicos Are Ducking McCormack-Kennedy Contest

A good many Democratic politicos are heading for the sidelines to get out of harm's way as the battle starts between Attorney General Edward J. McCormack, Jr., and Edward M. (Ted) Kennedy for their party's nomination for the U. S. Senate.

A surprising number of Democratic politicos, who in the past have fought for the right to be delegates to State Conventions, have decided they won't be able to spare the time to attend the conclave to be held at Springfield early in June.

"I'm going to sit this one out," some of them declare in forthright fashion.

Others, with straight-faced double-talk, assert magnanimously that they have had the honor of being delegates long enough, that they don't want to monopolize

### Funds Will Expand Activities

The Newton educational system was signally honored today with the grant of \$266,000 from the Ford Foundation with which to expand recent innovations in the field of education.

A grant of \$200,000 was made to the public schools of Norwalk, Conn., and the Foundation announced these were the first grants for comprehensive, coordinated efforts to improve all levels of education throughout entire school systems of the two cities.

The Foundation also announced a \$50,000 grant to the Univ. of Wisconsin for a state-wide expansion of its experimental program in the preparation of schoolteachers.

Dr. Charles E. Brown, Superintendent of Newton Schools, said the funds will be available from the Foundation on July 1st.

"What this grant means," Dr. Brown explained, "is that we will be able to pull all the facets together. It will mean a comprehensive approach to some of the individual efforts we have been making."

"This grant will give us the time and the people to bring together these efforts as they relate to a total process of learning."

He said it would be impossible to fix any definite date for any particular change but that it would be a steady enlargement of the practices in Newton which have been un-

derway for several years. A director of the program will be named in the future, Dr. Brown stated.

The \$266,000 grant to the Newton Public Schools is an outgrowth of earlier grants from the fund for the Advancement of Education, according to the New York announcement.

These grants have supported such innovations as large—

### Police Hunt For 2 Pellet Firing Youths

Newton Police Sgt. Paul Donahue is directing the investigation and hunt for two youths in a foreign sports car who fired pellets into windows of seven homes in five sections of Newton early Sunday.

The pellets broke windows, light fixture, table lamp and damaged window sills and in one instance narrowly missed striking a woman inside her home. She was Mrs. Augustine Pallumbo at 30 Mill St., Newton Centre.

Police also investigated vandalism in Newton High School where the gymnasium was entered and a fire extinguisher was emptied on the floor.

### Major School Building Program Launched Here

Initial steps to launch a \$1,200,000 school-building program on the north side of the city were taken by the members of the School Committee at their meeting Monday night.

The State would reimburse the city for one-third of the cost—or approximately \$360,000—of building two new schools and constructing an addition to a third.

Members of the Newton Community Club gathered in Grace Church Parish House for their regular monthly

meeting recently when Mrs. Joe W. Gerrity, one of the members, showed slides of her trip to Japan, and described people she met there, and customs of the country.

Appearing in an authentic Japanese costume, Mrs. Gerrity also showed silks brought from Japan, including an unusual woven necktie.

Dessert and a business session preceded Mrs. Gerrity's illustrated talk. A food sale was held also, with Mrs. Morgan S. Campbell and Mrs. J. William Quigley in charge.

Melrose was pretty well banged up in the game with Newton, but Coach Kinlin said his Newton squad came through in excellent shape.

ton. The program is under the organizational direction of J. Phillip Berquist.

An important feature of the blood donor program, announced this week, is that a special appeal to all Newton residents is that each individual man or woman donor at City Hall will have assured free coverage for blood needs, for themselves and their immediate family, for one year from date of donorship.

Outstanding co-operation with the Newton Blood Program is being credited to the students at Newton Junior College, who will participate in the clinic as donors next Wednesday.

John H. Flynn, dean of personnel and in charge of the

blood project at the college, stated this week that a large group of donors from among the students at the college have already registered for Wednesday's program.

Officers of the Junior College Student Council in charge of the student activities with relation to the blood program, include: Eugene W. Richard, president; Marilyn A. Spano, secretary; Duane E. Sams, vice president; James T. Masterson and Frederick C. Alexander, delegates.

Members of the faculty at Newton Junior College also will participate in the blood donor program, establishing it as one of the most successful ever to be held in this city.

ment of a fourth architect was requested to work with school officials on the development of plans for the rehabilitation of Newton High School. It is proposed that this work be done in 1964. No cost estimates will be available until the architect has made a study and recommended exactly what should be done.

School officials report that the Burr School is about 50 years old. They assert that the school is inadequate for present needs and that it would either have to be replaced or renovated and enlarged.

They also point out that the existing school is not at the best location and the new site probably will be built on a site more central to the entire Auburndale community.

The Horace Mann and Burr Schools each would have 12 classrooms, kindergartens and other facilities, including a play room. School authorities declare the Horace Mann School is about 65 years old and that, like the Burr School, it must either be replaced or renovated and enlarged.

It is proposed to build the new Horace Mann School across the street on the Albermarle playground.

The addition to the Lincoln-Elliot School would replace the Stearns School. Plans concerning the rehabilitation of the high school will remain flexible until the architect makes his recommendations.

The high school presently is comprised of several different buildings. One of them, the old classical high school, is not considered a permanent part of the setup, and school officials do not believe it would be a good investment to pour a large sum of money into it.

The likelihood is that some new construction will be undertaken at the high school.

**Newton Boy Swimmers****Annex E. Mass Y Crown**

The Newton YMCA class C swim team (ages 8 to 12) captured the Eastern Massachusetts swimming championship at the Cambridge Y on Saturday by defeating nine other Y teams. The New England lads thus capped an undefeated season and displayed good team efforts in both the relays and individual events.

Newton compiled 28 points, eight ahead of second place Cambridge. Other scores were: Quincy 16, Boston 15, Wakefield 14, West Roxbury-Roslindale 9, Worcester 7, Hyde Park 5, Malden 4, Melrose zero.

Dennis Bell, 12-year-old Newtonite, blazed to a new

district record in the 100 yard freestyle. His time of 1:06.1 broke the old record by 3/10 of a second.

Strong performances were also turned in by Richard Martin, with a second in the Fancy Diving; Patrick McCarthy, second in the 40 yard Backstroke; Marc Solomon, third in the 40 yard Butterfly, and David Kazarian, delegates.

Newton compiled 28 points,

fourth in the 40 yard Breaststroke. The Medley Relay team of McCarthy, Kazarian, Solomon, and Bell fell one second short of a District Record, but outdistanced all other rivals by 10 yards.

## A Great Day For All Of Us

The "17th of March" is but a hop, skip and a jump away, and is about to break upon us once again, in glorious green and with all the gayety and good cheer so long associated with the observance of the day in this country.

Beyond the toasts, the songs and dances, it is a great and sacred day devoted to the veneration of the valiant St. Patrick, patron saint of the Irish everywhere.

In America, 'tis indeed a special kind of day. The green will be worn and there'll be a new kind of gleam in the eye, and buoyancy in the step. Yes, and there will be more than those of Irish blood or derivation who will embrace the spirit of the occasion, for the charm and fellowship of the day is contagious, indeed.

There is a possibility that the good St. Patrick, gazing upon us from his eminence beyond the heavenly shores, may contemplate the marking of the day with mixed emotions. But, the good saint cannot but agree with the sincerity and all-out contributions made by Americans in honoring the day, however near or far removed they may be, by blood ties with the Emerald Isle.

Those among us who spring from good, old Irish stock, although the actual separation from the Land of Saints and Scholars may be many generations distant, are rightfully proud of their blood ties on St. Patrick's Day.

The day and date commemorate the contributions made by Irishmen to the history of every land; the ancient Irish monks zealously guarding the flickering flame of learning during the Dark Ages; the soldiers of Irish blood whose names are written in glory under the flags of the world's nations. The poets and scholars, and the men of God, wearing many priestly habits, dedicated men carrying the doctrines of Jesus Christ to the corners of the earth.

The courageous Irish martyrs in all those dark days of trouble; and the dauntless Irish men and women who clutched their meager possessions and set out on the great ocean to the free land in a new world.

It is not that they were greeted here in those long-ago days with bands and cheering crowds; and it is not that they were even accepted in the circles of some of the free citizenry. But they survived and they raised their families, with a song on their lips and courage that was not to be denied.

Their devotion to America and their contributions to her growth need no recounting here. So, bless them and all those like them who fight the good fight. And join with them on March 17th in an observance which honors a saint and a race.

olize the privilege and that this year they're going to step aside and let someone else have their day in the spotlight.

What they mean is that in politics discretion takes priority over valor.

As a veteran Democratic legislator put it, it's one thing to mark your ballot in the privacy of your polling place, where nobody but you knows the choices you make, and it's something else to stand up and be counted publicly on the floor of a convention hall.

This is solid evidence that Democratic politicians anticipate that the McCormack-Kennedy clash will generate considerable feeling and that they don't want to be hit by any side-lash from it.

A Democratic legislator, who is facing a fight of his own for renomination, isn't anxious to antagonize the followers of either Kennedy or McCormack.

There also is the very weighty consideration of indirectly offending either the President of the United States or the Speaker of the national House of Representatives, the two most powerful men in the federal government.

So there will be many new faces at the 1962 Democratic State Convention. A lot of the old pros will be conspicuously absent. They'll be devoting themselves to such pressing duties as watching the races, attending the ball game or mowing the lawn.

### Choice of Springfield For Convention Absurd

Why Democratic State Committee Chairman John M. Lynch chose Springfield as the site of this year's Democratic State Convention is something of a mystery.

Maybe he wanted to make it as difficult and inconvenient as possible for a majority of the delegates who will attend the conclave.

The great bulk of delegates to a Democratic convention are from the Metropolitan Boston area — from Suffolk, Norfolk, Middlesex and Essex Counties.

shift to the gubernatorial race after the Democratic State Convention, but it seems more likely that the two will carry their fight on into the September primary.

The names now being mentioned most frequently in Democratic councils on Beacon Hill as possible gubernatorial standard-bearers are Boston Mayor John F. Collins, ex-Boston Mayor John B. Hynes, Lieutenant Governor Edward F. McLaughlin, Jr., Congressman Robert H. Macdonald, Registrar of Motor Vehicles Clement A. Riley and former Governor's Councillor Endicott (Chub) Peabody.

Riley and Peabody are announced candidates, and McLaughlin is merely waiting for the strategic time to toss his hat into the ring.

Congressman Macdonald is considered a potential contender since he has repeatedly declared that he will not seek reelection to Congress if he is obliged to wage a state-wide campaign.

Macdonald would have to launch his drive in the fairly near future in order to have any chance at the State convention.

Otherwise, the other candidates would have piled up too great a lead for him to overcome.

While either Hynes or Collins would make a strong candidate for the Governorship, the possibility that either will run seems rather remote.

Hynes has been importuned by Senate President John E. Powers and other influential

Democratic chieftains to move into the gubernatorial race.

Whether Collins makes his upward move in 1964 or 1966 undoubtedly will depend on circumstances, conditions and the political tide at the time, but it is not likely to come this year.

Unless Congressman Macdonald decides to set his sights on the Governorship, the Democratic candidate probably will be chosen from among McLaughlin, Riley and Peabody.

Political observers have expected that President Kennedy

might give the nod to a gubernatorial contender, as he did in Pennsylvania. However, that hasn't happened.

It's conceivable that either Kennedy or McCormack might

## Headlights and Highlights From Newton High School

By JANET SHAPIRO

Every other week, groups of three or four seniors meet to read and to discuss books concerning "Man and His 20th Century Society." This is the history tutorial program which gives the student an opportunity to read books he might not read otherwise and to expose him to new ideas.

Richard Mecham, principal of Newton High School; Wayne Altree, chairman of the Department of Social Studies in the Newton High Schools; Spencer MacDonald and Alan Gartner, teachers in the Department of Social Studies are in charge of these tutorial groups.

This summer the second session of the Tufts-Newton Summer Seminar in Public Affairs will again be offered to students who have completed their junior year in high school. The course will be substantially the same as last year; a full day session with mornings devoted to a study of problems both international and national, and afternoons spent actively working in the community for the community.

Thirty-five students of the NHS Ski Club with Stuart Rist, advisor and Miss Ruth Frazier, girls physical education teacher, spent two days at Okemo Mountain in Vermont. Of course there were the usual number of minor injuries but nothing serious.

Phil Kay, president of the Ski Club; Peter Sidel, vice-president; Rene Kay, secretary; Bob Bergin, treasurer, Mr. Rist and the other members of the club are preparing for a second outing very soon.

The 1962-1963 NEWTONITE staff has recently been announced. The group will take over the school paper completely within this month. The staff includes: Judy Lambert, editor-in-chief; Meryl Morris, managing editor; Elaine Henry, news editor; Richard Stone, assistant news editor; Ellen Berger, feature editor; and John Rosenberg and Jon Berenson, sports co-editors.

Chief Perkins also estimated damage of \$5,000 at a two-family dwelling at 160-162 Charlesbank road, Newton, where plumbers accidentally set fire to the attic. The plumbers had been welding a water tank and the fire was discovered after they left.

Seven persons fled to safety. They were John J. Howard, his wife, Donelda, their daughter, Gail, 14 and son, John Jr., 5 from the second floor; and Mr. and Mrs. Harry D. Friedley and their daughter, Deanna, 13 months, from the first floor apartment.

Mrs. Howard discovered the fire after the plumbers left and called the fire department.

Robert E. Segal, of Newton Highlands, president of the Newton World Affairs Council, will moderate the Decisions Group discussion to be held next Monday night, March 19 at 8 o'clock at the Newtonville Library.

The topic of the evening will be "Iran-Middle East Pivot?" Mr. and Mrs. Harold Cherner are the hosts for this group. Of special interest to those people who were also part of the group last year is the news that Mr. and Mrs. Irving Fishman, who led the group last year, will attend the meeting.

Mr. Fishman spent these past months in Washington, D. C., working for the Justice Department. Now that his work there is finished, they have taken up residence in Waban again.

This group at the Library was formed to specifically accommodate the many people who wished to join a public group. Anyone interested in joining this discussion is invited to attend.

Toothsome dish will be two skilled cooks from the Home Service Department of the Boston Gas Company.

Miss Susan Mack, Home Service director, said about the menu, "We selected meat for our broiler meal because of the high interest in this method of cooking the main dish. Also, kabobs offer the housewife the opportunity to improvise the complimentary vegetables that appeal particularly to her family."

The First National Stores also will co-sponsor the cooking party this year and will donate ten large gift boxes of Finast products as door prizes.

Knowing the many tempting features of the menu at the cooking party, this year a skillet meatloaf sure to appeal to the men will be featured, many local housewives will take their husbands along to enjoy the treat next Monday night.

Each year an increasing number of men attend the cooking party and thoroughly enjoy the experience.

All dishes prepared at the party will be awarded as prizes to some lucky man or woman present. There also will be many door prizes given away during the evening.

A menu-program is given each person attending the party by which they may follow the simple step-by-step directions for preparing the dishes selected to be cooked at the event.

Doors open at 7:15 p.m. with the party getting underway at 7:45 p.m. There is no admission charge.

Lions Clubbers

District Governor's Night was held last night at the meeting of the Newton Lions Club. It was announced that Dr. Egon Kattwinkel of Newton will address the Lions at their meeting of March 28 on the care of the heart.

The Lions are now engaged in planning for their Aunt Je-mima Pancake Festival to be held on Saturday, April 7th at Warren Junior High School. Al Mouser is chairman of the festival. Tickets may be secured from members of the Lions Club.

The annual Ladies Night meeting was held recently at the Sidney Hill Country Club with King Lion Dr. Robert Kirshbaum presiding. Students from the Angelo Basilio Accordion School of Waltham entertained during dinner.

Featured speaker of the evening was John "Uncle Bing" Crosby of Norumbega Council, Boy Scouts, who spoke on "Forty Days Around the World." Mr. Crosby illustrated his talk with pictures taken on his trip.

T. Frank Copp, newly elected president of the Newton Chamber of Commerce, was given a citation by his fellow Lions.

Board and the Claims and Rules Committee. The Planning Board already has given its assent to the zoning change.

While at least 16 Aldermen, representing two-thirds of the full body, would have to vote for the zoning change in order to put it into effect no opposition to the matter has been indicated by the city fathers.

Mayor Gibbs apparently summed up the official attitude toward the proposed new apartment development when he declared yesterday that the plan "looks good" to him and that he can see no objection to it.

The Mayor observed that apartment development would provide luxury apartments for those desiring them, would produce new tax revenue for the city and would improve the area in which it would be built.

Other municipal officials said that because of the rock formation the land involved is probably only suitable as the site for high-rise apartment buildings.

Auburndale Church  
Religious Arts Festival

An Easter Arts Festival of contemporary religious art by New England artists will be held at the Auburndale Congregational Church, Woodland road and Hancock street in Auburndale from April 8 through April 22. There will be over 50 original paintings and drawings done in various media including oil, watercolor, ink drawings and others. Already there are 16 pieces of original sculpture in iron, bronze and other media.

As far as it can be determined this is the first invitational showing of original work by an individual church. The exhibit will be held open daily for two weeks and the admission is free to the public.

Most of the New England artists who have accepted the invitation to exhibit have had exhibits in museums in Boston and New York, and in galleries in New York City and the area of New England.

During the two weeks, two special events will be presented in conjunction with the show—a panel of theologians and artists to discuss the relation of religion and the arts, and a showing of slides of religious art and cathedrals of Europe (mostly in the contemporary mood).

The First National Stores also will co-sponsor the cooking party this year and will donate ten large gift boxes of Finast products as door prizes.

Knowing the many tempting features of the menu at the cooking party, this year a skillet meatloaf sure to appeal to the men will be featured, many local housewives will take their husbands along to enjoy the treat next Monday night.

Forty-six Howland street, Needham, will be the address of Mr. Paul C. Nardella and his bride, the former Miss Joyce Hamel of 87 Floral street, Newton Highlands, when they return from a Bermuda honeymoon.

The bride is the daughter of Mr. and Mrs. Lawson Glidden of Ashland, N.H. Mr. and Mrs. Charles Nardella of 145 Taylor street, Needham, are the bridegroom's parents.

The Rev. Richard G. Cunningham officiated at the 3 o'clock nuptial ceremony, which took place at St. Joseph's Church in Needham. A reception was held at the Village Club in Needham.

Escorted by her father, the bride wore a full-skirted gown of traditional white satin. Her fitted bodice had a scalloped neckline and long sleeves, entraîne.

Her jeweled crown was caught with an illusion veil. She carried a bouquet of white roses and carnations.

# WHAT DO YOU SAY TO A KID WHO CAN'T WALK?

For her, learning to walk is hard, hard work. Sometimes she cries.

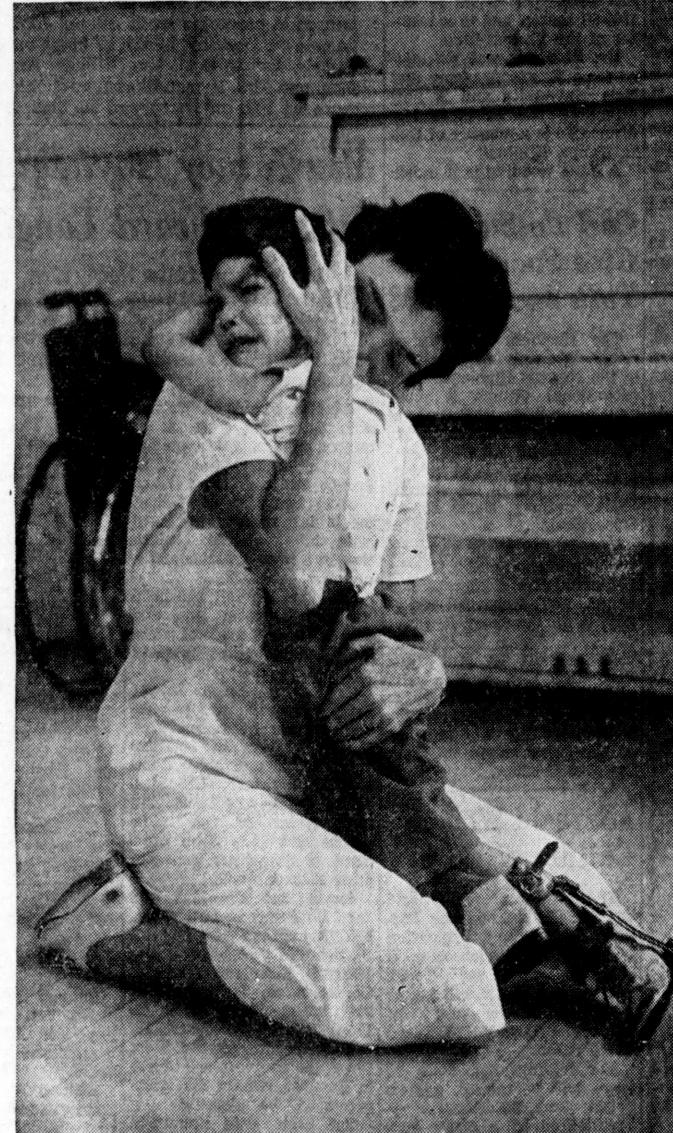

Usually you can josh her along. But words don't always help. So you love her—until she gets her fight back. Then she's ready to try again.

Love is one of three things that help a crippled child walk. The other two are skill and money.

We've found people with love and skill to give, like the Easter Seal therapist in the picture.

We're looking to you for the money. Not a lot—just enough to put one kid one day closer to walking.

The Easter Seals you use enable the Easter Seal Society, through its many clinics and centers, to help people fight against these crippling disorders—crippling accidents, poliomyelitis, cerebral palsy, multiple sclerosis, muscular dystrophy, arthritis, birth deformities, speech defects and many others.

### OUR COMMUNITY'S 1962 EASTER SEAL CAMPAIGN NEEDS YOUR HELP!

Thousands and thousands of Easter Seals have been mailed to people in this area, as well as all over the State. Many here have already responded, but all too many of us with good intentions somehow just neglected to follow through in helping a program that does such magnificent work in aiding the crippled, both children and adults. **- Legal Notices -****Bookmobile At Hospital Aided By Mrs. Ware**

Mrs. George Ware of West Newton is being credited with a large share of the work which makes possible a bookmobile which helps while convalescent hours at the New England Hospital in Roxbury. It is one of several new volunteer projects.

Mrs. Ware catalogued the books, organized the bookmobile and now three mornings a week wheels the cart to every patient. As part of her assigned duties, Mrs. Ware reads each book before it goes out on the cart so that she may better guide patients to books they will enjoy the most, according to Mrs. Marion MacMann, director of the volunteers.

The New England Hospital (formerly for women and children) will observe its 100th anniversary later in the year with a series of special events.

## Study Needs Of Retarded Newtonites

The Newton Committee of the Greater Boston Association for Retarded Children plans an open meeting in April for further discussion of pressing needs of such youngsters here after more than 60 parents and friends attended an initial meeting held at Beethoven School in Waban.

William A. Perry, executive director of BARC, reported on a survey of recreational, job training and pre-school programs for the retarded which had recently been undertaken.

The initial survey results showed that most agencies were interested and anxious to develop programs for the retarded in the Newton area. A committee composed of representative Newton residents has been formed to develop services for the retarded in the Newton area.

The guest speaker of the meeting was Miss Margaret Otto, Supervisor of Special Education for the Newton Public Schools. Miss Otto discussed the special class system for the retarded in the Newton school department and pledged the support of the Newton schools in the development of increased facilities for the mentally retarded.

Attending the meeting with Miss Otto were six special class teachers from the Newton schools, indicative of the interest the school department has in the area of additional services for the retarded.

**WORK FOR CAMP FIRE GIRLS PROJECT**—Shown at recent Newton discussion of Faith Cabin Libraries, a Camp Fire Girls' national project, are, front, left to right, Adina Press and Ellen Schon, Blue Birds; rear, left to right, John E. Venson, former faculty member Paine College; A. William Kunkel, Newton librarian; Ann Chambers, the Horizon Club; Claudia McGuire and Kathleen Williams. Librarian Kunkel approved books for Faith Cabin Libraries.

### Camp Fire Girls' Anniversary Is Marked By Work On Programs

Newton Camp Fire Girls, in conjunction with the national organization, are celebrating the 52nd anniversary of the movement from March 17 to the 25th.

In Newton, the Camp Fire Girls are continuing their People to People theme with two major projects, on a national and international theme, through the collecting and distributing of books to the Faith Cabin Libraries in the South, and the Pen Friends to children all over the world.

The Faith Cabin Library is an extension of Paine College in Augusta, Georgia. There are 116 Faith Cabin Libraries throughout the South. They provide an opportunity for

the youngsters living in rural areas to obtain books, and in some areas these libraries provide the only reading.

In many instances the establishment of a Faith Library has been the incentive to other people to obtain an education as well as books.

At a meeting held in Newton last week, Librarian A.

William Kunkel assisted in the selection of books for the Faith Cabin Library project in this city.

In Auburndale, the Camp Fire girls are continuing their service to the Korean War Orphanage of the Columban Sisters in Mokpo, Korea. This plan, which has strong coalition support from both Republicans and Democrats, was drafted by Massachusetts Congressmen.

Newton would be placed in the district of Congressman Joseph W. Martin of North Attleboro under a congressional redistricting plan apparently headed for enactment on Beacon Hill.

The plan, which has strong coalition support from both Republicans and Democrats, was drafted by Massachusetts Congressmen.

### Mayor Already Made Drastic Cuts

A proposed \$24,374,423 budget submitted by Mayor Donald L. Gibbs to the Board of Aldermen in mid-February is scheduled for a trimming by the city fathers at their meeting next Monday night.

Exactly what reductions will be voted will not be determined until the Aldermen hold their budget-cutting session.

However, it is known that the Aldermen intend to reduce some appropriations even though Gibbs himself drastically slashed the requests for funds made by his department heads.

Newton would be placed in the district of Congressman Joseph W. Martin of North Attleboro under a congressional redistricting plan apparently headed for enactment on Beacon Hill.

### Blood Donor Registrations Break Marks

All records for advance registration were broken for the city-wide blood donor program of the Newton Red Cross held at the special clinic yesterday in the basement of Newton City Hall.

Some 400 members of the Police Department, students at Newton Junior College, municipal employees and citizens registered for the clinic and as a result the Red Cross increased its personnel and equipment by 50 per cent to handle the expected rush of donations.

Plans had been made for two donor wards with eight beds, but because of the pre-clinic registrations, the Red Cross set up three complete donor wards with 12 beds, blood bank equipment and personnel.

### Emergency White Line Project Is Set For Rte. 128

Newton residents, and others who are compelled to travel on Route 128, the "most hazardous stretch of highway in the United States," will be happy to learn that an emergency program to paint white lines on the highway, between Wellesley and Lynnfield, was ordered this week by Public Works Commissioner Jack P. Ricciardi.

Commissioner Ricciardi ordered that fog lines marking the edge of the roadway as well as lane lines be painted immediately on each barrel of the 12 mile stretch from Route 9 northward to the Route 1 interchange at Lynnfield. Where necessary a dotted center line will also be painted.

"Anytime there's construction there is bound to be hazardous driving... but 12 miles of Route 128 all at the same time makes it especially so. I have told my district engineer

The \$9,971,541 school department budget will escape unscathed by the paring knives of the economy-minded Aldermen who have no authority to cut school expenses.

A \$300-a-year pay raise recommended by Mayor Gibbs for members of the police and fire departments probably will be approved by a majority of the Aldermen, The Graphic learned.

But the wage adjustments proposed by the Mayor for

The Mayor indicated that nearly 200 families have requested aid from the City to find new homes.

**FOR RENEWAL PROGRAM**—Mayor Donald L. Gibbs, right, presents to Archie R. Whitman, City Treasurer, a check for \$25,000 which represents first and partial Federal grant from the Housing and Home Agency, Urban Renewal Administration, to aid in defraying the cost for the City of Newton of the preparation of a Community Renewal Program, comprising studies, surveys, technical services and other activities.

### Delay Incinerator Site For More Study

The Newton Board of Aldermen, possibly impressed by the overflow crowd which jammed the chamber, on Monday night referred action on the proposed \$2 million incinerator to the Public Works and Finance Committees for further study.

Aldermanic President Wendell R. Bauckman said this action would permit further study to determine whether a site at the Pine Street dump area in Auburndale or at the Elliot St., Newton Highlands, location of the present incinerator, would be the best for the city.

Last week a group of Auburndale residents, aided by the Auburndale Improvement Association, began circulating petitions against the Pine St. area, which is favored by Mayor Donald E. Gibbs following an engineering survey.

Then a group from West Newton began circulating a petition against adding the new incinerator to the site of the present incinerator at Elliot St.

### Mrs. Getter New Head of Newton Library Trustees

Mrs. Seymour S. Getter was elected president of the board of trustees of the Newton Free Library at the annual meeting which followed the regular monthly meeting of the board. Also elected to offices were E. Graham Bates, treasurer, and A. William Kunkel, secretary.

The other members of the board of trustees are Mrs. George F. Brewer, who was president for the past three years, James P. Gallagher and Frank B. Maher.

Salary increases for Newton's public librarians and the role of the library in the development of the nation's basic natural resource were closely linked in the annual reports of the president of the board.

Coupe then scored both Bronco goals in the third period to ice the decision.

Newton dominated the rest of the period. At 8:40, Newton's sophomore, Billy Cotter, led a 3-on-1 break only to have Goulart come up with a nice stick save on Cotter's off-balance shot. Charlie Scammon just missed with a 40-footer and Terry MacLaughlin was frustrated twice.

Burrillville's first line busted loose the last four minutes of the second period to put the game beyond reach. Goulet sank a passout from Clint Remington at 8:41. Then Zifcak got Mason out of position at 9:45.

Coupe then scored both Bronco goals in the third period to ice the decision.

**Jaycees Host  
May 27 B.C.  
Band Concert**

The Newton Junior Chamber of Commerce will host the annual Mass. Junior Chamber of Commerce Band and Drum and Bugle Corps contest to be held May 27 at Boston College Alumni Stadium, it was announced by Chairman Richard Ganong.

It was made at the regular monthly meeting held at the Simpson House in Newton which was climaxed by presentation of a birthday cake to President John L. Vaccaro.

The "Spoke" award for outstanding work during his first year as a member was presented to Frank Quinn by Pres. Vaccaro. Five new members were installed: Norman McLean, Richard McGrath, Jerry Michaels, Thomas Turner and Clement Zawaniw. This brings the new membership to 17 for the season.

The guest speaker, Sam Turner, president of the Greater Boston Fair Housing Federation, was introduced by Mr. Vaccaro. Mr. Turner, a member of the Newton Jaycees, past president and past Distinguished Service Award Winner, spoke of the relocation problems facing Negro families in Newton due to the Toll Road extension.

of library trustees and the city librarian which preceded the election of the above officers.

The report for the year 1961 by the then president, Mrs. George F. Brewer, concerned itself with two important factors which enable the library to fulfill its proper role in the community, namely, professionally qualified librarians and adequate salaries with which to recruit and hold them in Newton: "The board believes that the citizens of Newton want and need the quality of library service that is possible only with trained librarians. The trustees agree unanimously that if Newton is to have a library system commensurate with its other institutions of public education, significant progress must be made very soon in salaries for library personnel."

The annual report of the city librarian, Mr. Kunkel, called attention to the increasing importance of the public library as the chief institution of informal education in the community. He noted that this role of the public library was underscored in the president's report on "Goals for Americans" which stated that "the basic natural resource of the United States is its people . . . that the first national goal to be pursued . . . should be the development of each individual to his fullest potential" and that "the 1960s should be a great decade for agencies with a special responsibility to facilitate learning outside the formal system, such as libraries . . ."

The board of trustees also approved for transmittal to His Honor Mayor Donald L. Gibbs the proposal of a library survey by a firm of management consultants. The proposal is one that had been requested by the Mayor last year. The survey is intended to provide the board of trustees and city officials with an appraisal of present library services and serve as a guide to future library development in Newton.

ocrats and five Republicans, to make a deal with Governor Volpe if they couldn't reach an agreement with Democratic legislative leaders on a bill Volpe would sign.

Democratic chieftains on Beacon Hill forcefully opposed the plan drafted by the Congressmen, but their opposition weakened when it became apparent that the measure would be approved one way or another.

The main problem confronting the Congressmen was that of getting their plan before the Legislature. They knew they could swing the necessary support for it if they could get it into the House and Senate for a vote.

Governor Volpe was the political ace the Congressmen had up their sleeves.

Volpe, who insisted that the Democratic leaders in the Legislature wanted to embarrass him by pushing through a measure they knew he would veto, told the Congressmen he would submit their redistricting plan to the Legislature in a special message if it were necessary to do so.

The Governor further declared that he would put the Republican Senators and House members on the line behind the bill and that it would then be up to the Congressmen to swing the necessary Democratic votes to achieve the passage of the proposal.

Thus, the Congressmen were in a position to say in effect to the Democratic legislative chieftains "We'd like to work out an agreement with you. But if we can't, we'll deal with Volpe."

That strategy, plus the ability of the Congressmen to line up members of both the Senate and the House, assured the eventual passage of their plan with minor modifications.

Republican Congressman Laurence Curtis, who is seeking his party's nomination for the U. S. Senate and is now involved in battle with George C. Lodge for support at the GOP State convention in June, is the chief victim of the redistricting scheme which seems headed for approval.

There would be no opportunity for Curtis to run for another term in the national House if he wanted to do so.

His present district will be broken up and sections of it added to the districts of Speaker John W. McCormack, Congressman Thomas P. O'Neill, Jr., of Cambridge and Congressman Joseph W. Martin of North Attleboro.

Veteran Democratic Congressman Thomas J. Lane of Lawrence and freshman Republican Congressman F. Bradford Morse of Lowell would be placed together in the same district.

Other Congressmen say it would be a swing district in which either Lane or Morse would have a chance of winning.

Lane obviously doesn't think he would have a very good chance since he is battling the plan and claims it would legislate him out of office. Morse has approved the plan and is willing to take his chances in a fight with Lane.

Except for Curtis, Lane and Morse, the other 11 Bay State Congressmen — seven Democrats and four Republicans — would be reasonably certain of winning reelection.

If Morse won in his district, it would give the State seven Democratic and five Republican Congressmen, with each political party absorbing the loss of one seat in the national House.

Some strange shifts were made by the Congressmen as they attempted to work out a redistricting plan which would be mutually acceptable to a dozen of their members.

Newton and Needham, for example, would be shuffled into Congressman Joe Martin's district. Newton now is in the

## OUR READERS SAY

### Praises Newton Fire Department

Editor, Graphic:

We have never had occasion to use the fire department before — and needless to say — we hope we never will have again!

On Friday, March 2, 1962 we had a major fire in our home at 41 Bernard St.

The alarm was sounded about 5:15 and minutes later the fire engines began to arrive. We do not know how many engines or firemen responded but we do know that the whole team did a great job. Our home is of wood construction and thanks to them we still have the outside standing. We possibly take many things for granted — are quick to criticize and seldom say "thanks" for a job well done! The firemen even swept the rug before leaving.

Will you please express our deep gratitude to each and everyone of them. We realize also that an organization of any kind is only as good as its leader!

### TV Complaint

The Editor

The Newton Graphic

Dear Sir:

For the sake of our children especially.

And, for that matter, for all mankind.

It's a shame that so much of our TV programming is based upon all kinds of crime.

If not on crime, then to make one's liver give one trouble because the viewers shiver and quiver.

Why don't the writers use their talents and time to improve the lot of mankind instead of feeding up so much slime.

Respectfully yours,

## Window on Washington

by Your Congressman LAURENCE CURTIS - 10th District, Mass.

WASHINGTON, March 21 — The closest possible "slip twixt the cup and the lip" took place in the House chamber in its consideration of the bill to enlarge the Congress by three members, which would have given Massachusetts an additional seat.

The purpose of the bill was to increase the normal complement of the House from 435 to 438 in order to provide seats for the three new members from Hawaii and Alaska without taking from the other 48 states any of the seats which they previously held. There was ample precedent and justification for this increase. In the past such increases have always been made following the admission of new states.

The regularly authorized 435 seats are apportioned among the states pro rata to population. It so happens that, if there were three additional seats to be distributed, they would, under the formula, go to Massachusetts, Pennsylvania and Missouri.

In addition to the need for three new seats in the Congress, there was a further complication caused by the reapportionment of seats following the 1960 census. Due to population changes, Massachusetts lost two seats, going from 14 to 12, but would lose only one if the above bill were passed.

Pennsylvania and Missouri also lost seats, and would similarly reduce their losses if the bill were passed. Other states which lost seats due to reapportionment were somewhat envious of these three states, and were anxious for a larger increase of the Congress, which would reduce their losses also. There was, in my opinion, no justification for any such larger increase.

The principal difficulty facing the bill was the fear on the part of the leadership that the increase of three seats might be unjustifiably expanded. However, it was finally determined after a careful nose-count that the votes were there to provide the increase of three, and prevent a greater increase.

So the bill was brought before the House and all went well. A motion for an additional increase was hardly defeated. Then just as the vote for final passage was about to take place, the roof fell in, and shortly thereafter, the bill was killed by being referred back to the Judiciary Committee.

What happened was that just before the

Orange and black jackets were presented to 25 senior members of winter and indoor sports teams and 114 other boys at Newton High School received trophies and awards at the annual athletic banquet held last week in the cafeteria of Meadowbrook Jr. High School.

Also presented a jacket was Ed Wiest, former Newton High coach who now is supervisor of the driver education program. Principal Richard W. Mechem presented the awards to 139 athletes on 10 hockey, track, basketball, gymnastic and rifle teams.

Warmly applauded at the banquet were coaches Sarge Kinlin and Ron DiVenzio and the hockey team, and C. Evan Johnson who coached the 1940 team which won the GBI crown was at the head table.

Track coach Ed Boyle said his team's success in defending its dual meet championship was due to the "ability to rise to the occasion."

Other coaches making awards were Phil O'Connell, varsity basketball; Al Fortune, jayvee basketball; Jack Seltzer, sophomore basketball; Harry Lent, rifle; George Jesup, gymnastics; Bob Malone, Technical School basketball; John O'Connor, jayvee hockey, and Bob Gately, the managers.

**"OPERATION SUPPORT" ACTIVE HERE**—Key figures in Newton in the campaign for "Operation Support," the Medical Care for the Aged bill, shown at recent meeting. Left to right, Mrs. Herbert Nollman, regional co-chairman; Joseph McDonnell, Newton Democratic City Committee; and Mrs. Reuben Ress.

**Vigorous Campaign Opens Here  
To Support Medical Care Bill**

Support for the "Medical Care for the Aged Bill" was the topic for discussion at an "Operation Support" workshop held recently at the home of Mrs. Herbert Nollman, 65 Ellinor road, Newton Highlands. "March is letter-writing month," said Mrs. Nollman, regional co-chairman for "Operation Support," and I urge all those interested in seeing the medical care bill passed to write to their congressman, Lawrence Curtis.

"Operation Support," formed under the auspices of the State Democratic Committee is the spearhead for "grass roots" bi-partisan support of President Kennedy's programs on Foreign Aid, Federal Aid to Education, and Medical Care for the Aged, Mrs. Nollman explained.

"There are now 17 million people aged 65 and over in the U.S.," said Dr. Ben Selling, a prominent Newton physician and guest speaker at the meeting.

"About 55% of these older people have cash incomes of less than \$1000 a year. One older person out of every ten

will have to be in the hospital in any given year. Half of those going to hospitals incur bills in excess of \$700. Simple arithmetic will indicate that this means there are in fact hundreds of thousands of older people each year facing the impossible problem of trying to meet a hospital bill of \$700 or more out of a total income of \$1000 or less. The proposed medical care plan will provide for full hospital costs for up to ninety days, skilled nursing service, full cost for diagnostic tests, x-ray, and laboratory services. These benefits would be fully self financed by increases in social security contributions, and there would be no cost to the regular federal budget."

A few of the many local citizens engaged in "Operation Support" are Mrs. Reuben Ress, 15 Franklin street, Newton, on the committee for public affairs; Mrs. William Stratton, 15 Trowbridge street, Newton, co-chairman for the 10th congressional district; and Mrs. Melvin Taynor, chairman of the State Democratic Committee, who heads the Speaker's Bureau.

The Newton Democratic City Committee is solidly behind this bill," said Joseph McDonnell, Newton Democratic City Committeeman, "and we urge everyone anxious to see this bill passed to write, talk, answer and participate in the effort to make it a reality."

The following were elected to the board: Mrs. Morgan S. Campbell, Mrs. Albert D. Gordon, Mrs. Guerard Hawkins, Mrs. Arthur Laughland and the Rev. M. Ultan McCabe; for a second term — Albert R.

## Kiwanis Club Hears Red Cross Chapter Program

March, the traditional month of the American Red Cross throughout the nation, is devoted to public information rather than solicitation of funds due to its participation in the United Fund.

This was explained to the Kiwanis Club of Newton recently by John A. McCarthy, executive director of the Newton Chapter.

"There are very few in Newton today who have not been in direct contact with the Red Cross through one of its various services," Mr. McCarthy said as he explained the current program of the local chapter.

"Hundreds of Newton families have been the recipients of blood collected by the Red Cross while others remember the aid received during one of the Fall hurricanes or the assistance rendered to families of members of the Armed Forces."

"In addition," Mr. McCarthy continued, "literally thousands of Newton's youngsters have participated in the Red Cross' water safety program while patients at the Newton-Wellesley Hospital gratefully receive the comfort and solicitude of the Red Cross' Gray Ladies."

Shown was the movie, "Meanwhile, Back on Earth." This emphasizes that in spite of the great progress being made in the government's space program, disasters still strike the earth's population and local Red Cross services always will be needed to alleviate human suffering.

## Women Voters' Panel Plans Discussion Of World Trade

The Newton League of Women Voters will sponsor a panel discussion open to the public on April 11th to bring to the community a greater understanding of the issues concerned with international trade promoted through the general reduction of trade barriers and the removal of restrictive trade measures.

The discussion will be held at the Beethoven School in Waban at 8 p.m. Jerome Grossman, chairman of the Newton

PTA Council, will serve as moderator.

Panelists for the evening will be Prof. Donald Humphrey of the Tufts Fletcher School of Diplomacy, who will talk on "Implications of U.S. Negotiations with the Common Market"; Joseph F. Turley of the Gillette Company, who will discuss, "How World Trade Affects U. S. Business," and J. William Belanger, chairman of the Joint Labor Council of Mass., whose subject will be "Labor's Stake in Trade."

At discussion units held last month by the Newton League of Women Voters, members reviewed the history of U.S. trade and the present situation. After careful study and examination of the present trade laws, the Newton League recorded itself in favor of the expansion and liberalization of the present trade laws; this would include giving the President the power to negotiate across the board, with a greater degree of flexibility in the reduction of tariffs, for a longer period of time.

The League in Newton also supports a trade adjustment program which would provide temporary assistance to injured industry, and which would help industries to meet competition, shift to new lines of production, and increase productivity.

The School Committee pointed out electricity was being purchased from the Edison Co. and was not being generated in the school plant.

## MAYOR, ALDERMEN TANGLE ON RAISES \$4.50 Tax Rate Hike Seen After Monday's Meeting

### Final Tribute To Alderman Cosgrove Paid

Newton's municipal officials, led by Mayor Donald L. Gibbs, pay final tribute this morning to Alderman Charles H. Cosgrove at a 10 a.m. requiem Mass in St. Bernard's Church.

The members of the Board of Aldermen stood for a moment in silent tribute at their meeting Monday night for their colleague who died that day in Newton-Wellesley Hospital after a long illness. He was 49 and a resident of 207 Waltham Street, West Newton.

They made plans to attend the funeral services in a body.

### Auburndale May Get New Post Office

The Post Office Department is reported making definite plans for a new post office in Auburndale because the building now being leased has grown too small for the amount of being conducted.

Bids for a building containing 3,360 square feet, or about twice the present size, were sought more than a year ago but the response was poor. The postal officials would lease such a building for 10 years with renewal options up to 25 years. Then the project was postponed.

Now, however, it was reported that definite plans for new quarters would be sought since the route of the toll road extension has been determined.

### Realtors & Bankers Pledge Aid To All Displaced By Toll Road

Members of Newton real estate and banking interests conferred this week and pledged themselves to work with Mayor Donald E. Gibbs on the relocation of families and businesses being displaced by the extension of the Toll Road.

The Newton Real Estate Board accepted a report of its Relocation Committee. And the bankers assured the Realtors that they would do everything within the law to assist in granting the most interim financing to home owners who wish to move before final settlement has been reached on their present homes.

Kevin J. Hughes is president of the Newton Real Estate Board. Members of the Relocation Committee are James L. Burns, chairman; Mrs. Evelyn Cramsie, Nor-

## Common Market To Be Discussed

On April 5 at its 6:30 p.m. monthly dinner meeting at the Pillar House, the Charles River Industrial Management Club serving the front line

Our patrons do remark on the pleasant luxury of having their coiffuring in their own private booths, away from noise and confusion. (They can relax so completely)

Presents His Exclusive

BODY WAVE \$10.00

The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily.

It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and require less time to put up.

It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

Our 39th Year

## DO YOU REALIZE

that the Newton Chapter of the American Red Cross provides many services throughout the year to Newton families and that volunteers are constantly needed? If you have some spare time, we urge you to take part in Red Cross activities. Coming to the Chapter House or visiting the Newton-Wellesley Hospital for a few hours volunteer work each week are excellent ways to meet new friends and perform a vitally needed service at the same time. Look over the partial list of services below, decide which one you would like to participate in and then call the Newton Chapter House today—LASell 7-6000. Your assistance will be gratefully received and earnestly appreciated.

DISASTER VOLUNTEERS—Help to meet family needs caused by disaster by providing emergency food, shelter, clothing and compassionate understanding. A complete course in First Aid and Rescue work is given to members in this group.

SAFETY SERVICES VOLUNTEERS — Instruct young swimmers how to swim and also help train Newton families in what to do in case of accidents in the water. Safety Services are concerned mainly with courses in First Aid and Water Safety.

MOTOR SERVICE VOLUNTEERS—Drive the Red Cross Station Wagons and help provide transportation for patients to hospitals and wherever needed. Drivers, who also must take special First Aid courses, have to be over eighteen.

CANTEEN VOLUNTEERS—Prepare and serve food in time of disaster and other occasions when mass feeding is required and aid blood donors at the time of Bloodmobile visits.

NURSES' AIDES—Assist nurses in the Newton-Wellesley Hospital and, at the time of Bloodmobile visits, assist the donors. Nurses' Aides take special courses to prepare them for this vital, humanitarian work.

BLOOD VOLUNTEERS—If you want a feeling of real satisfaction, volunteer as a blood donor when the Red Cross Bloodmobile visits the various villages of Newton. In this way, blood will be available for you or a member of your family should the need arise.

(Continued from Page 1) Committee, asked the local brokers to take on the civic responsibility of helping the 60 business firms in the city to relocate.

Several Realtors immediately volunteered to take on this end of the project.

The text of the Real Estate Relocation committee follows:

"The following organized procedure will be followed:

"1. We will first compile a master list of those who answered the Mayor's questionnaire and indicated that they would appreciate help in relocating.

"2. The list will be divided equally among the member firms of our organization who accept full responsibility for future contact and follow up of the displaced families assigned them.

"3. Persons who expressed a desire to be assisted will first receive a letter from the Newton Real Estate Board stating that our membership will endeavor to aid them in finding other suitable quarters, whether it be buying or renting. The letter will inform them that the writer will personally call on them shortly to obtain more specific information necessary to properly service their request.

"4. After the personal contact has been made the Realtor will report to the Committee the names of those he has contacted and the result of his contact. He will then use his best efforts to find living quarters for those he has interviewed.

"5. An active list will be maintained of those who have succeeded, by one means or another, in relocating. This list will be available to the Mayor and the Newton Real Estate Board members, as a continuing report of progress."

and again in this, the 1962 recommendation. In 1961 this report was followed in part, with resulting confusion as no employee was on a strict salary schedule.

"If the morale of our city employees is to be maintained, it is vital that we have a uniform pay plan so that all may know where they start, the step-rate increases to the maximum of their salary grade.

"This is an almost universal approach to this subject by municipalities, state and federal governments.

"As I said in my inaugural address, it is my belief that this pay plan, which considers job content only, should be implemented by longevity increments to indi-

viduals with long service records. This subject I will pursue at present in the next fiscal year's budget request."

The Mayor said that a proposal by the Aldermanic Finance Committee that the Evans Report recommendations be approved for the police, fire, engineering and welfare departments but that a flat 4 per cent raise be granted in other city departments, would result in a saving of only \$16,163.

"A saving of \$16,163, measured against a 7 or 8 million payroll involved is a microscopic reduction," Mayor Gibbs said. "It means the complete abandonment of a uniform pay plan, which is so vital to harmonious relations with our employees.

"Such actions definitely

will complicate administrative procedures which, with the potential adoption of a uniform pay scale, had begun to operate very smoothly," the Mayor stated.

Mayor Gibbs said he could not subscribe to the policy of trading each year to determine "how little we can get away with" in pay raises.

Despite the Mayor's statements, the Aldermen by an 11-10 vote adopted the recommendations of the Finance Committee.

## - Political Highlights -

Continued from Page 1

This probe promises to be a real shocker which will overshadow any of the scandals exposed to date. Allegations have been made which are so fantastic as to be almost incredible.

By the time this scandal is fully unfolded, the people are likely to be pretty well shell-shocked—if the charges made to investigating officials have any substance.

It would be grossly unfair if Democratic candidates of honor and integrity go down to defeat next autumn because of the actions of a few crooks, but it could happen, and some astute students of politics believe it will happen.

**Republicans and Democrats alike were involved in the State Public Works Department land-taking skullduggery.**

Democratic politicos were able to point out that some of the persons accused of serious wrong-doing in the land-damage probe were originally brought into the DPW by Governor Volpe while he headed that agency.

Two shakedowns of property-owners by DPW employees allegedly occurred while Volpe was State Public Works Commissioner.

Even the most Partisan Democrats would have to concede that Volpe could not be held accountable for the actions of employees under him at the level of those accused of engineering the shakedowns.

If Volpe is held guiltless for the shenanigans of persons he appointed, the same reasoning must be applied to a Democratic Governor and Public Works Commissioner unless some wrongdoing or knowledge of it can be traced directly to them.

**So the DPW scandal can be regarded as pretty much a political standoff. Graft and corruption knew no party lines in that case.**

But the Boston Common garage scandal, which is likely to cause people to forget about the DPW investigation, is in an altogether different category.

Only Democrats were involved in the operations of the Massachusetts Parking Authority. The Republicans were frozen out. Whatever mud flies from this probe will hit Democrats, and there promises to be plenty of mud.

**Attorney General Edward J. McCormack, Jr., is proceeding carefully and painstakingly in his investigation and his efforts to determine what money landed in whose pockets.**

What McCormack will be able to pinpoint after the charges and counter-charges are sifted out and tracked down is something only time will determine.

But the situation shapes up as so serious that some Democrats who have been considering standing for high public office have decided they had better wait for a more favorable year.

They are not even remotely or indirectly connected with any of the scandals. But they suspect — and with some cause — that public resentment against wholesale graft, corruption and outright thievery may rub off on all Democrats.

**Governor Volpe, who has failed to give the State the leadership the people have a right to expect from him on many matters, stands to be the chief beneficiary from all the scandals.**

Whether he's the inept Governor his Democratic critics claim may be open to debate, but he's certainly no ball of fire.

Volpe's list of achievements is slim. He has done so many flip-flops that you can't be sure where he stands on certain issues at a given moment.

However, Volpe has done a superb job of convincing the people he's against sin and corruption, and that's likely to pay dividends in the ballot boxes next November.

He has uncovered no wrong doing. When he could have act-

that he is to be appointed to a high federal position.

Powers is a close personal and political friend of President Kennedy. There is little doubt that he could have a post in the national government.

But Powers doesn't want one and wouldn't accept one.

He declares flatly and emphatically that he would not accept an appointive position in the federal, state or city government.

People who wanted to go shopping drove down to Rhode Island or up to New Hampshire, although there were plenty of places closer to home which flouted the law and remained open.

The police didn't do much about the violators because there were not enough jails to accommodate them all. Besides, the police in some cases were almost as confused as the public.

You would think that one of the first things the Legislature would have done this year would have been to repeal the ridiculous laws which caused such chaos and confusion and had so damaging an effect upon the economy of the Commonwealth.

The cold fact, however, is that the only public official in Massachusetts who has displayed any real leadership on the Blue Law question has been Senate President John E. Powers.

Governor Volpe has looked the other way. A number of legislative leaders have tried to decide on the most expedient thing to do.

Powers has endeavored to meet the problem head-on, to produce some order out of chaos and confusion, to work out laws which would make possible the proper observance of holidays and yet not imposed unreasonable restrictions upon the public.

Whether he will be successful or not remains to be seen, but at least he sees a job to be done and is trying to do it.

### Bradley Dilemma On Evans Report

Alderman Joseph G. Bradley found himself in a dilemma Monday when he was obligated to choose between the pay raises recommended for city employees in the Evans Report and the flat 4 per cent increase proposed by the Aldermanic Finance Committee.

Bradley said he preferred the flat 4 per cent boost but that he believed Mayor Gibbs would not permit any raises to place salary standards about those advocated in the Evans Report.

So Bradley voted for the Evans Report, while explaining that he didn't like it but that he felt the municipal workers would fare better under it than under a blanket 4 per cent raise which he believed would not be fully carried out.

Emphasis on exploratory work in regular fields of study with opportunities for pursuit of individual interests. Trips and excursions. 8:30 a.m. to 12:30 p.m. five days a week. Small classes, experienced staff. Moderate tuition.

**MISS EDWARDS TO LEAVE SOON ON MISSION SERVICE**

Miss Evelyn Edwards, a charter member of the newly formed Faith Baptist Church in Newton, has returned to the mission field according to the announcement by Dr. D. A. Waite, pastor of the church, today. Miss Edwards is the first missionary from the Faith Baptist Church.

Miss Edwards, it was learned, was prepared to defend the Evans Report in public session if he had been invited to do so.

Finance Committee Chairman Wood, who opposed holding the conference, remained out of it.

No minds were changed or votes shifted by the Mayor's arguments in favor of the Evans Report.

On their return to the Aldermanic chamber after their hush-hush session with the Mayor in a nearby room, the Aldermen voted 11-10 to substitute the 4 per cent pay raise for the Evans Report in all branches of the city government except the police, fire, engineering and welfare departments.

**HOW THEY VOTED ON EVANS REPORT**

The 11 who voted for the 4 per cent hike and against the Evans Report were Aldermen Winslow C. Auryansen, Adelaide B. Ball, Franklin N. Flaschner, Harry H. Ham, Jr., Charles F. Hovey, John P. Nixon, William H. Prentice, Alard Valentine, Harry L. Walen, Earle D. Wood and Wendell R. Bauckman.

The 10 voting against the 4 per cent wage boost and for the Evans Report were Aldermen Joseph G. Bradley, William Carmen, Melvin J. Dangel, Ernest Dietz, William Diman, William G. Glosky, George L. Hicks, William E. Hopkins, Theodore D. Mann, and Charles H. Morang.

Mayor Gibbs expressed disappointment after the Aldermanic session that the city fathers could not see fit to accept his recommendations for upward salary adjustments for municipal workers.

In a strongly worded letter sent to the Aldermen in advance of Monday night's meeting in which he outlined his position in forceful fashion, Mayor Gibbs declared bluntly that he did not propose to be trading each year "on how little we can get away with."

He also asserted that the \$16,163 saving accomplished by the Aldermen in substituting the flat 4 per cent raise for his recommendations was a "microscopic reduction" when measured against the entire budget.

While the economy-minded Aldermen claimed cuts of \$20,790 in the Mayor's budget, the actual reductions amounted to \$30,940 since \$19,850 which was trimmed from the budget will be restored from other funds.

Alderman Bradley spearheaded a successful fight to have \$1,800 restored to the budget for the installation of street lights in Oak Hill Park. That item had been eliminated by the Finance Committee.

Miss Coser, daughter of Dr. and Mrs. Lewis A. Coser, is a graduate of Newton High School where she was elected to the honor society in her sophomore year. She plans a career in child psychiatry.

Bradley was unsuccessful in

## Brooke Says Graft Spreads Like Cancer

Edward W. Brooke, chairman of the Boston Finance Commission, told the Women's Republican Club last night that graft "spreads like a cancer" and called for new laws to prevent corruption and graft by public officials.

He spoke at the Beethoven School in Waban and maintained that "a strong conflict of interest law with teeth in it is needed to enforce a standard of conduct on public officials."

"I believe we can rid the state of corruption," the FinCom chairman declared, "but we must first wipe out the feeling of hopelessness. Hard-hitting investigations and vigorous prosecutions will put officials on notice that their activity is being scrutinized."

Mr. Brooke was introduced by Mrs. Denholm Jacobs of Chestnut Hill.

**Newton Flier  
Helps Evacuate  
Storm Victims**

Navy Lt. Paul F. Frankenberger of 613 California St., Newton, was a member of Helicopter Anti-Submarine Squadron Three which evacuated 438 victims of the tidal flood which deluged the coasts of Virginia and North Carolina earlier this month.

The squadron, with headquarters at Norfolk, Va., conducted most of the rescue work in the Assateague-Chincoteague, Va., area, with other mercy missions conducted in the Cape Hatteras, N. C., vicinity.

On the first day of the disaster, six helicopters were sent to Chincoteague. Winds, with gusts exceeding 50 mph, and high water devastated the area and rescuing residents from houses became routine. Nine helicopters were used the second day, carrying persons to the evacuation center at Chincoteague.

Mercy flights to the Cape Hatteras area on the weekend following the flood were made by squadron personnel, airlifting doctors, civil defense and civilian officials and water purification supplies.

## Power of Word Of God Sermon Subject Sunday

The power and performance of the Word of God will be stressed at Christian Science services Sunday in a Lesson-Sermon on the subject of "Reality."

Among the Scriptural passages to be read is this verse from Psalm 107: "He sent his word, and healed them, and delivered them from their destructions."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 335): "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be, real, harmonious, or eternal."

The Golden Text is from Isaiah (40): "The grass withereth, the flower fadeth: but the word of our God shall stand for ever."

## Newton's Troop In Scout Capades

Science Topics

STRICTER DISCIPLINE may be the lot of American children in the immediate future, according to a study of women's magazines made at Stanford University. Advocacy of discipline runs in cycles, the scientists say, and is reflected in the magazine articles on child rearing. Rigid control of offspring was extremely popular (with parents) in 1892, the study shows, even more so in 1910, a little less in 1925, much less in 1935 and least of all in 1950. If the magazines are an accurate barometer, the rod may be in fashion again.

HUMAN BREATH replaces electricity in experimental cold-weather clothing for spacemen, arctic explorers and possibly even hunters. As the wearer exhales, his breath passes through a canister containing sodium aluminum hydride. The ensuing chemical reaction activates the suit's heating element. IMPORTED ANIMALS — rats from Boston, mice from Texas, guinea pigs from Maryland — are sniffing Los Angeles smog for science. More than 6,000 smogbound creatures are being studied at the University of Southern California. After sufficient exposure to the air pollution the animals will be checked for signs of cancer, lung disease and various tissue disorders.
